## SPEECH, MEDIA AND ETHICS

### The Limits of Free Expression

2nd edition

RAPHAEL COHEN-ALMAGOR

*Speech, Media, and Ethics: The Limits of Free Expression* is an interdisciplinary work that employs ethics, liberal philosophy, and legal and media studies to outline the boundaries to freedom of expression and freedom of the press, defined broadly to include the right to demonstrate and to picket, the right to compete in elections, and the right to communicate views via the written and electronic media. Moral principles are applied to analyse practical questions that deal with free expression and its limits.
